Level 2 Technical Specification

This document contains the technical specifications for the processing layer.

Worker Node Requirements:

- CPU: 8 cores minimum
- RAM: 32GB minimum
- Storage: 500GB NVMe SSD
- Network: 10Gbps

Task Queue Configuration:

- Backend: RabbitMQ 3.12
- Max queue depth: 100,000 messages
- Message TTL: 24 hours
- Dead letter exchange enabled
